ENGR 301 *Project Management*

Lecture 3 — Course Methodology and Performance Portfolios

James Quilty

School of Engineering and Computer Science
Victoria University of Wellington

Course Methodology and Performance Portfolios

This lecture introduces the course methodology and the performance portfolios.

Methodology: a project management methodology describes in detail how things should be done.

Portfolio: a set of pieces of work intended to demonstrate a person's ability.

The remainder of this lecture makes direct use of the Course Methodology and Performance Portfolio documents.
