

489 Preliminary Report

- Now due by the 3rd June
- The progress is by NO MEANS considered same as in 'normal' conditions
- Format same as suggested on page 13 of handbook
- More emphasis on planning aspects of your project – in work done section
- Include lock down effects on your project – in work done section
- Examiners will consider the lock down effect during marking but you need to let them know how serious it is/was
- Intro, Background work will be very important as you can do them being away
- Planning your future work under different 'levels' would be a very good contribution
- If you need anything from University, ask your supervisor
